Owner's Survey

Results Report

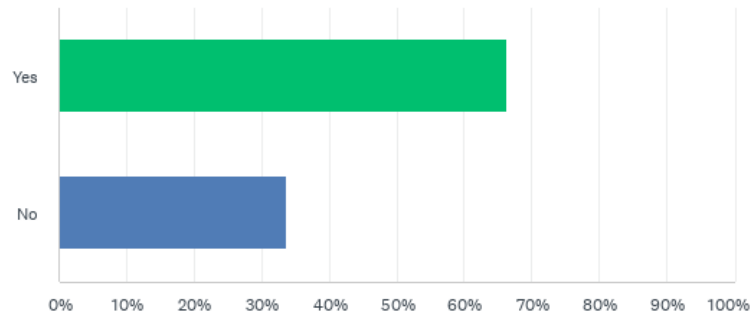

Q1 Which of the following age brackets are you in?

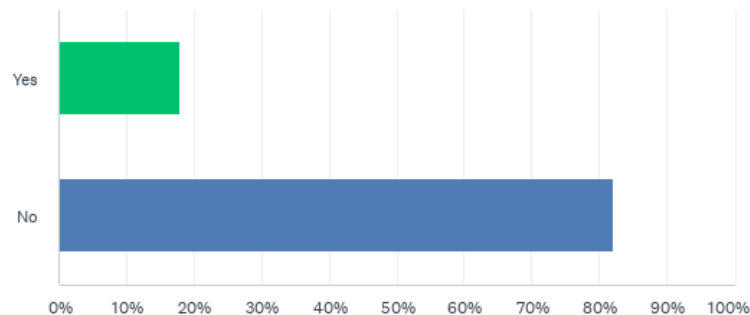

Q2 How long have you owned at the Rushes?

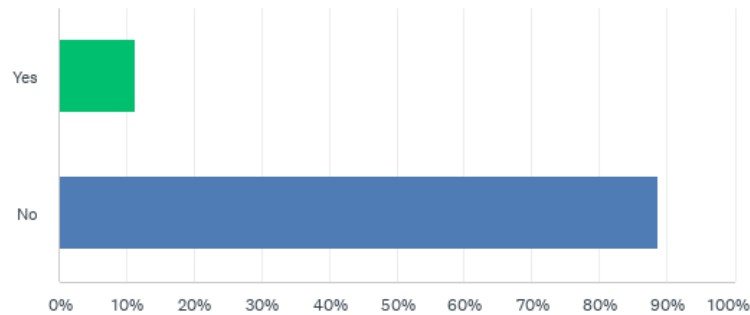

Q3 Many owners have commented that the wood fireplaces should be retained, and the damaged fireplaces be repaired. The Rushes Board of Directors responded by partnering with a local certified chimney professional to replace the six identified unsafe fireplaces between this November and February 2023. Then the Rushes Maintenance Staff will be handing what we call the demo of this job which consists of removing the outside siding & other material on the building to expose the actual Fireplace. The chimney professionals will remove and replace everything needed for the fireplace with the assistance of our employees. Then our employees will be rebuilding the outside material and siding along with fixing the fireplace chase. The wood burning fireplaces are a minimum of 30 plus years old and at the end of the manufacturers recommended life expectancy. For safety reasons we need to replace all of the fireplaces over the next six years. Based on this, do you support paying the estimated increased cost of \$ 36.00 per week of ownership in additional dues over the next six (6) years to keep the fireplaces operational?

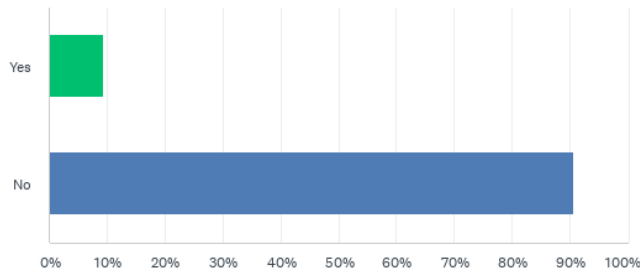

Q4 If the Rushes could find and hire additional staff to extend the Welcome Center Hours from 8pm to 9 pm, we would have to provide the current staff and new hires additional benefits. This could increase the cost by \$44,100 or an increased cost of \$22.25 per owner week. Would you want/agree to pay the additional cost per week of ownership?

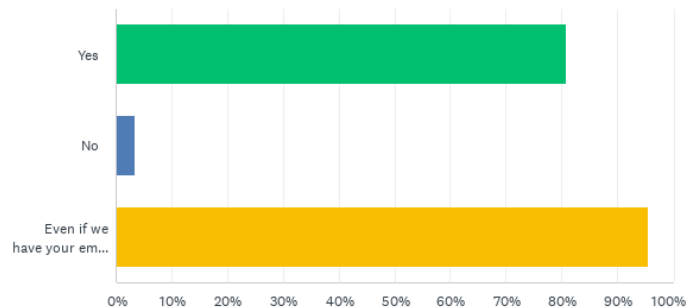

Q5 And/or if the Welcome Center hours went from 8 pm to 10 pm, this could increase cost by \$51,750 or an increased cost of \$26.25 per owner week. Would you want/agree to pay the additional cost per week of ownership?

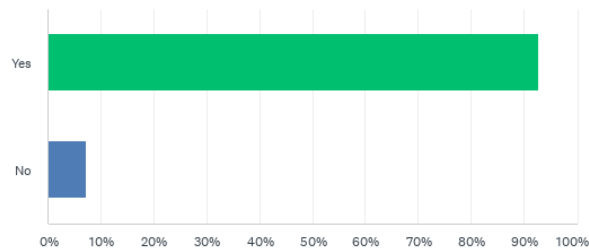

Q6 The Rushes Annual Meeting was moved from Sturgeon Bay to Milwaukee in 2015 and this included a virtual event for the first time. We signed another 1 year contract for 2016 and then negotiated a 3 year contract for 2017, 2018 & 2019. The board decided to bring the event back to Sturgeon Bay in 2020 as we didn't have a contract and didn't like the proposed increase. Then due to Covid, we kept the event in Sturgeon Bay for 2021 and 2022 which has resulted in a savings to the owners of \$ 4,847.65 based on the cost in 2019 versus holding the meeting in Sturgeon Bay in 2021. Do you want to move the Annual Meeting back to Milwaukee or some other city realizing there will be added costs of \$ 2.44 minimum per week of ownership?

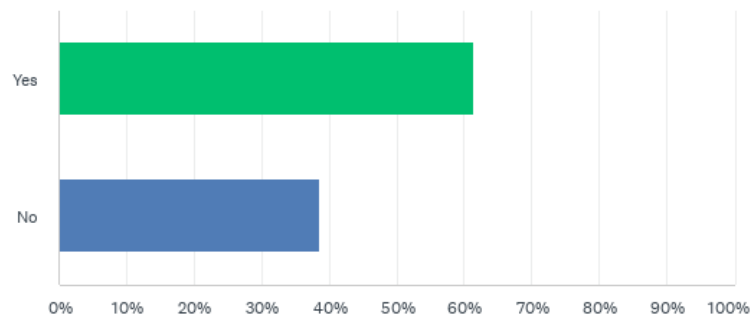

Q7 Do you have an email address you can share with the Rushes?

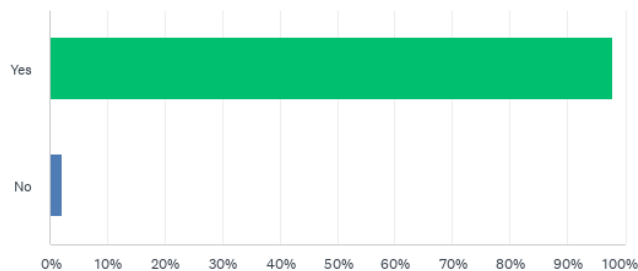

Q8 The Rushes is now looking at going paperless to save over \$ 8,403.40 in printing and mailing cost which we spent in 2021 to send out the owner's newsletter and Owners' annual meeting material via regular mail. We propose to post everything on the Rushes Website in the Owners Section. However, when we post items, we will send out a mass email notifying all of the owners to look on the owners' section so please provide us with your current email address as requested. Those that don't do email, we will send you a post card in the mail but you will still have to go on the Rushes Website to review the information. Are you in favor of going paperless to save an additional \$ 4.50 minimum per week, per owner?

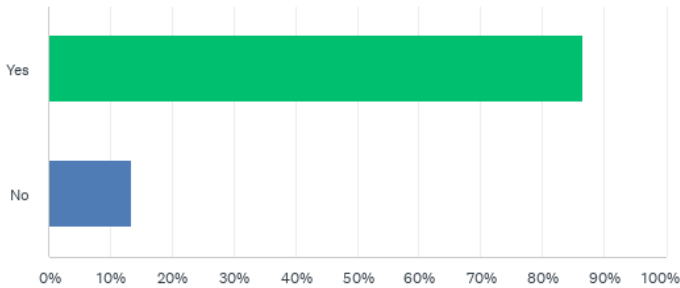

Q9 The Rushes Monday Meet and Mingle activity was eliminated due to State Licensing/Statute restrictions on providing food for this event as we don't have a commercially licensed kitchen and then due to the onset of Covid. Do you support the return of a modified Meet and Mingle event with no food or beverages provided by The Rushes?

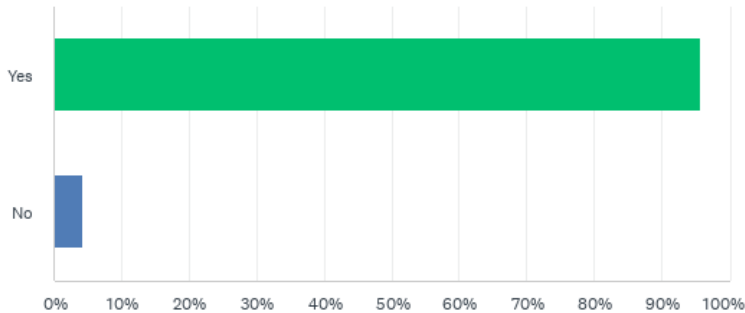

Q10 Several trees have been removed from the property due to disease and growth too close to buildings. Do you support the continued select cutting of trees to save money and protect the buildings, roofs, siding and decks?

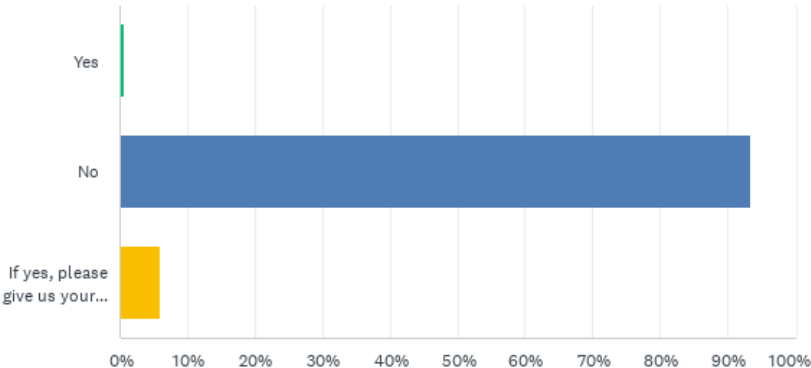

Q11 The Rushes internet service has been unreliable and slow at times over the years. The Town of Jacksonport is exploring the possibility of providing High Speed Fiber Optic Internet throughout the township in the next 2-3 years at an additional cost. Do you support improving The Rushes internet access in the future?

Q12 Are you satisfied with the efforts and your interactions with the Rushes personnel?

Q13 Would you be interested in serving on the Board? (Please note that board meets 10 times per year - 8 Zoom meetings lasting 2 1/2-3 hours and 2 in-person meetings which are 2 days in length.)

Q14 Do you participate in any of the following Rushes activities offered at the Resort when you're staying on property? Please mark all that apply.
